

## Ideal Standard

Job Title	EUROPE OPERATIONS CONTROLLER		
Department	Finance		
Country	BE	City	Zaventem
Job type	Permanent	Work schedule	Full-time

### Responsibilities & Accountability

To join our EMEA finance team, we are currently recruiting an experienced 'Operations Controller, Europe'.

The successful candidate will

- manage all financial and performance reporting for the European Manufacturing Operation, including financial planning, forecasting and Capital Expenditure.
- provide effective support to the 'Manufacturing Directors' for the management of manufacturing within Europe.
- provide effective support to the 'Head of Operations Finance' in all financial aspects of manufacturing within Europe.
- establish and maintain effective business and financial routines & controls in the region, in line with official business procedures.
- provide effective leadership and development of the Operations finance team within the region.
- develop the systems and procedures within the function, ensuring that they best support the business needs.

Your main responsibilities will be related to:

#### Business and Financial Analysis & Studies

- Manage all aspects of the annual planning process for the region, in line with the business requirements.
- Ensure that all reporting deadlines are met in line with the official business timetable.
- Ensure that a clear explanation of the region's performance results, both financial and non financial is communicated within the regular reporting.

#### Planning

- Responsible for the preparation of the AOP and forecast updates for the EUROPE Manufacturing Operation.
- Ensure all planning and forecasting deadlines are met by the European region in line with the corporate timetable requirements.

## Ideal Standard

### Controlling

- Ensure timely submission, accuracy, consistency and integrity of business analysis and financial information for the Manufacturing Operation.
- Support and coordinate timely and accurate preparation of standard and special management reports and providing financial analyses and recommendation for management decision.
- Ensure that all Capex projects for the Manufacturing Operation are as cost effective as possible and are sufficiently monitored and authorised.

### Candidate Profile

- Degree in Finance, Economics or Business Management
- 5 to 7 years' experience in similar financial roles within large multi-site organizations covering above tasks
- Strong analytical skills
- Excellent level of English. Other European languages will be an asset.
- Available for int'l travel when required (up to 25%)

### How to Apply
