

Ideal Standard

Job Title	SENIOR GROUP INVENTORY MANAGER		
Department	Supply Chain		
Country	Belgium	City	Zaventem
Job type	Permanent	Work schedule	Full-time

Responsibilities & Accountability

In this role, you will make decisions regarding the management and strategy of inventory holding for the Group and will be responsible for forecasting the inventory, reporting & challenging variations working alongside Operations teams across the business to define & correct root causes.

You are expected to be a driver for change and fully engage in optimization projects, specifically the design and implementation of best practice inventory management across all inventory categories to reduce working capital whilst protecting Customer Service Levels.

Some of your key tasks will be:

- Delivering a robust inventory management policy that is designed to achieve business targets using standard inventory principles ensuring stakeholders are engaged and educated
- Identifying & implementing best practices
- Full proactive involvement in the S&OP process
- Proactively identifying initiatives to optimize & improve inventory holding whilst protecting & improving Customer Service
- Delivering accurate long range working capital forecasts, taking account of inventory policies, demand/supply plans and business strategy
- Pan European Inventory Reporting alongside the creation and maintenance of inventory metrics
- Active involvement in product life-cycle management process and associated projects to ensure compliance with Inventory policies

Candidate Profile

- Inventory management in global manufacturing / production businesses.
- Several years of experience in a multinational environment managing Group/Corporate/EMEA-level inventory.

Ideal Standard

- Experience in consulting environment advising industrial companies on inventory management is a strong plus.
- A self-starter; able to work under minimum supervision
- Proficiency with MS Office and have robust experience of working with SAP
- Analytical and commercially astute, able translate data, justify recommendations and decision making
- A strong influencer - experienced in managing a range of relationships
- Action & result oriented
- Excellent communication skills, both orally and in writing. Business-fluent in English.
- Willingness to travel frequently within Europe.
